Community Infrastructure Levy Instalments Policy

- 1 The Council will allow the payment of CIL by instalments in accordance with the policy contained in Table 1 of this document.
- 2 The instalments will be linked to the amount payable (the chargeable amount) as recorded on the Demand Notice.
- 3 Where phased development has been granted planning permission each phase of the development may be treated as a separate chargeable development. The instalment policy will apply to each separate phase of development and its associated chargeable amount.
- 4 The instalments policy will not apply if any of the following circumstances arise:
 - a) On the intended date of commencement:
 - a. No one has assumed liability to pay CIL in respect of the chargeable development; and
 - b. A commencement notice has been received by the Council in respect of the chargeable development; and
 - c. The Council has not determined a deemed commencement date for the chargeable development;and payment is required in full on the intended date of commencement.
 - b) The Council has determined a deemed commencement date for the chargeable development and payment is due in full on the deemed collection date.
 - c) The Council has transferred liability to pay an amount to the owners of the relevant land and payment is due in full immediately.
 - d) The Council has received notification of a disqualifying event and the amount due is payable within seven days beginning on the date which the demand notice requiring payment is issued.
 - e) A person has failed to notify the Council of a disqualifying event before the end of fourteen days beginning with the day on which the disqualifying event occurs and payment of that amount is due immediately.
 - f) An instalment payment has not been made in full on or before the day on which the instalment payment was due, the unpaid balance is due in full immediately.
