Love Is In The Air On The Deepdene Trail

Last Sunday morning, visitors walking The Deepdene Trail were welcomed with a fizzy Valentine's surprise at the launch of its #lovenature week.

Walkers on the Trail discovered the specially decorated grotto filled with hearts, candles and flowers and were greeted with a warm fire, a free glass of fizz and some Valentine's treats.

Despite the freezing temperatures, plenty of free glasses of fizz were given away and the Friends of Deepdene, volunteers who work on the Trail twice a week, were delighted with the response. All the visitors that stopped by took time to find out more about the Trail and, following feedback on the day, next year the Trail will be providing doggy treats too!

Leader of the Council, Councillor Vivienne Michael said, "This event was made possible by volunteers, David, Linda and Sue from the Friends of Deepdene, who did a fantastic job of making visitors feel extra special as a Valentine's treat.

"All this week we have our #lovenature trail to keep children busy during half term hunting for Coady the lion's favourite things. There are many more activities for all ages coming up this year, do see the website www.DeepdeneTrail.co.uk for more details."
