Future changes to your recycling

Simpler Recycling plans are in the pipeline for Mole Valley.

From 31 March 2026, you'll be able to add food and drink cartons (Tetra Paks) and empty aerosols to your dry mixed recycling bin. **This is not yet in place. We will provide further communications as the date approaches, to help you prepare.**

Meanwhile, please do not place these items in your recycling bin. You can recycle cartons at your local community recycling centre (CRC). Alternatively, switch to refillable products instead of aerosols and swap products sold in cartons for those in recyclable packaging such as plastic, glass and metal – all of which can be recycled at home.

Other top things to know

Bulky waste

For a fee we will collect some household appliances, white goods and furniture if you are unable to recycle them. Applies to residential properties only. Find out more at molevalley.gov.uk

Christmas collections

Find information about temporary changes to bin collections over the Christmas period on our website molevalley.gov.uk

Vapes and e-cigarettes

These can't go in your rubbish or recycling bins. For disposal information visit molevalley.gov.uk

Recycle Right

Hidden batteries pose a fire risk for bin trucks and recycling stations. Protect our crews and recycle your batteries separately. Do not put hazardous waste such as engine oil or paint in your rubbish bin. Get the right bin every time by using the Surrey Recycles online search tool or app.
